2 Register License

At the bottom left, click "Subscription" and enter the license code you received.

3 Register Members (Students)

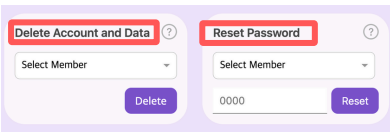

Only **Admin** can directly create **all member** (student)'s accounts.

Download the template from the "Enroll Member" widget in the Group tab, complete it, and Upload Excel.

(ID with **letters and numbers only**)

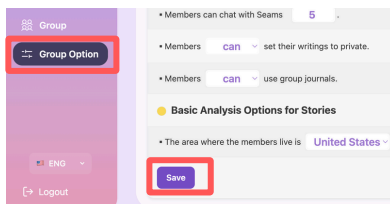

3-1 Delete Member & Reset Password

In Group tab, use the "Delete Member" widget to delete members. Deleted data can't be restored.

If a member forgets the password, you can reset the password using the "Reset Password" widget.

4 Set Group Option

In the Group Options tab, specify the detailed options and then click Save.
